PROJECTS

MMIL Recruitment Website | Full Stack Website (MERN)

- Designed the **responsive** webpage for the recruitments and **integrated with backend** using **REST APIs**.
- Used **form validation** and **toastify react library** for notifications and **global state** variables to share data between components.This website was used by around **250 users** in my college.
- MuskanJaiswal1/Recruit_MMIL (github.com)

Zealicon Fest Management Website | MERN Full Stack

- Designed the responsive frontend of the website .
- https://github.com/MuskanJaiswal1/portfolio

Portfolio | Javascript, CSS, HTML

- Designed the responsive persanilzed portfolio showcasing my skills and latest projects.
- https://github.com/MuskanJaiswal1/portfolio
